

## 2020 SPRING MAJOR – EXPERT (revised 5/13)

These notes are based mostly on Golf Clash Tommy's playthrough. He got a -15 on this shot combo with two eagles and two trosses, but I didn't like his shots on 2, 4 and 7 so have altered them to be better IMHO. I have made a few notes regarding my experience with clubs and shots. Please note the club and ball choices and the drive yardage so you can adjust appropriately. Making the ring adjustments for different levels of the same club, different clubs you may choose, or from different yardages distances will not work well as every club and club level requires different adjustments. I recommend using an app if you need help with adjustments for other balls, clubs or distances. Note: all pictures are of presented shot set up before adjusting for wind.

### HOLE #1

#### Tee shot

- Extra Mile9 and Kingmkr ball.
- 6 top spin and 4 right spin.
- Edge of white ring on right fairway/rough line
- Max distance adjustment +10% (4.6 rings with EM9, Kingmkr and 8.3 wind...4.9 for 8.8 wind)
- After adjusting, get in line with your ball guide and push the target up to max distance
- No curl or overpower
- Goal is around 389 yards

Tee shot (before wind adjust)

2<sup>nd</sup> shot

#### 2<sup>nd</sup> Shot

- Thorn8
- 1.5 back spin
- edge of white ring on fairway/fringe line
- 60% distance after 389 tee shot +20% (4.2 rings with Thorn9 and 7.6 wind)
- No overpower or curl.
- I hit great left and missed by over a square. Perfect would have been very close if not in.

### HOLE #2 (revised from Qual)

#### Tee shot

Variation of Jackson's

- Quarterback10 and Wind5 Power 1 ball.
- 2 back spin and 1.5 left spin
- Edge of yellow ring on fairway/rough line to right
- Top of yellow almost equal with top of bunker
- Ball guide just to right of pin
- min distance -10% elevation (with wind5 ball)
- min distance -10% +0.2 (with wind4 ball)
- No curl or overpower.

Tee shot (before wind adjust)

## HOLE #3 - a great cross opportunity!

### Tee shot

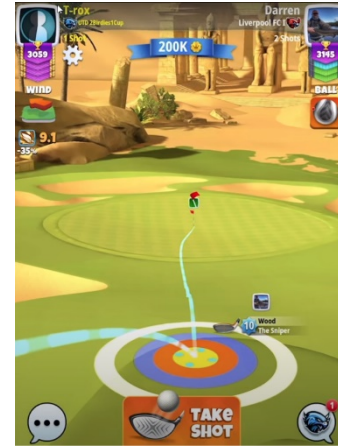

- Extra Mile9 and Kingmaker ball
- 4 top spin and 6 right spin.
- 1/2 red ring in rough to right
- Target at +13 yds distance
- Max distance +10% (4.1 rings with EM9, kingmkr and 7.5 wind)
- No curl or overpower
- Goal is around 360 yards. I landed at 355

### 2<sup>nd</sup> Shot

- Sniper10
- Rough bump.
- Max left spin and 2 top
- Red ring in rough, maybe just into fairway
- Guide to hole and be sure you found the funnel. Ball guide should stay to hole when you slightly move target left and right
- Min distance adjustment -5% (rings roughly equal the wind speed minus 2.0 to 2.2 rings, best to use an app)
- No overpower or curl
- [Guest426](#) and I both used this adjustment to get the Albatross

Tee shot (before wind adjust)

2<sup>nd</sup> shot

## HOLE #4 (revised from Qual)

### Tee shot

- Goliath9 and Power 3 ball (wind 4 best)
- 6 top spin 3 left spin
- in rough with target at +2yds distance
- guide just to left of pin
- Max distance +10%
- No overpower or curl.

Tee shot (before wind adjust)

## HOLE #5

### Tee shot

- EM9, Apoc5 or Thors6 and Kingmkr ball
- Max top spin and 3 right spin
- Max distance adjustment +10% (6.4 rings with Apoc5 and 8.2 wind)
- No overpower or little OP but no curl
- Goal is around 367 yards

### 2<sup>nd</sup> Shot

- Thorn9
- edge of blue ring on fairway/fringe line
- 2-3 backspin and 2 right spin with guide just right of pin
- Adjust +10% at 60% distance (4.0 rings with Thorn9 after 367 tee shot and with 8.0 wind)
- I was a bit too far up (picture) and too much backspin, only one right spin. Hit perfect and missed a ¼ ball left

Tee shot (before wind adjust)

2<sup>nd</sup> shot

## HOLE #6

### Tee shot

- Apoc5 and Kingmaker ball
- Max top spin and 5 right spin
- Guide down middle of fairway
- Max distance adjustment +10% (6.1 rings with Apoc5 and 7.8 wind)
- Push up to max after adjusting for wind
- Max overpower, okay with slight great.
- Goal is around 399 yards or more

### 2<sup>nd</sup> Shot

- Big Dawg 8+ or Cat4+
- Rough bump
- Max top spin and 2 right spin
- Max distance adjustment +20% (5.1 rings with Cat5 and with 7.2 wind)
- Slight to full overpower as needed

Tee shot (before wind adjust)

2<sup>nd</sup> shot

## HOLE #7

### Tee shot

- Sniper9 or 10 and power3 ball (wind 4 best)
- 4 top spin and 4.5 left spin
- Edge of red on rough/bunker line on right
- Bottom of red just dipping in to bunker behind
- Adjust rings to equal wind + 0.1
- There is a funnel, if you hit shot right it should find hole

Tee shot (before wind adjust)

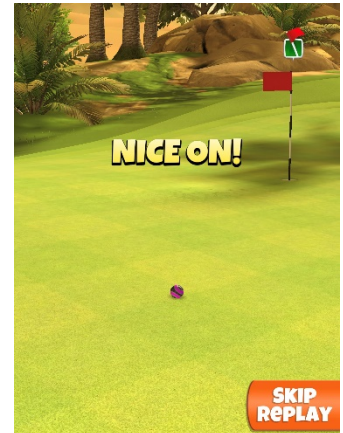

## HOLE #8

### Tee shot

- If you have Apoc5 or higher you gotta go for it
- Berserker ball
- 6 top spin and Max right spin
- Red ring on fairway/rough line to left (with 10.5 wind, move a ring right if wind is 11 or higher)
- Max distance adjustment +10% (3.3 rings with EM7, titan ball and 6.0 wind)
- Align with ball guide and push to max
- Max overpower or curl.
- Hit PERFECT and you are on the green for an easy eagle.
- On WB used an Apoc4 with max top & right.  
Stopped in easy chip distance from the green

Tee shot (before wind adjust)

Result if you hit it perfect

## HOLE #9 - another great cross opportunity!

### Tee shot

- Apoc (any level) or Rock (6+) and Kingmkr ball.
- Max right spin and 3-4 top spin
- ½ white ring in rough to right
- Max distance adjustment +10% (6.2 rings with Apoc5, Kingmkr ball and 7.9 wind)
- Align with ball guide and push up to max
- 5 rings power and Max right curl, but hit PERFECT
- Goal is around 416 yards
- My tee shot alignment was just a bit right and I hit slightly great right, resulted in clipping the rough and having to hit Sniper on 2<sup>nd</sup> shot

Tee shot (before adjusting)

Max right curl & overpower

### 2<sup>nd</sup> Shot

- Goliath9 or B52
- Rough bump.
- 3 top spin and max right spin
- Guide just short of hole because of push wind will give.
- 90% distance adjustment +25% (6.2 rings with Goliath9 with 8.8 wind)
- No overpower or curl
